Dear Cattlemen and Cattlewomen:

Thank you for supporting our sale for the past 13 years. This is our 14th annual sale and we learn more every time. We have worked hard to put this sale together and it shows in the quality of the animals we have for you. I truly believe this is the best offering we have had since starting the sale.

We would love for you to join us at this great event. It is more than just your typical auction. It is a time of food, fellowship and cattle. We have 40 consignors from 10 states. If you have joined us in the past, you will see that many of your favorite breeders are back. We also want to welcome all our new consignors. We are excited about the quality all our consignors have contributed to this year's event. Our goal is to bring quality cattle together so that you can improve your herd. This year we have succeeded. This is the best quality we have had in Bowling Green. If you attend only one sale a year, this is the sale for you!

My family and I look forward to seeing all of you in Bowling Green on April 26th and 27th. It is one of our best and busiest weekends. We have made so many friends over the years. This year will be no different. We look forward to new friendships, fellowship, and the memories/stories that will follow this year's festivities.

I would like to thank my family for their help with the sale again this year. They put up with a lot in preparing for this weekend. I would also like to thank our consignors. Without you, this sale would not be possible. Thank you for your friendship, participation, and the memories. Lastly, I would like to thank Bob Morton and Lynn Lee for all their hard work before and during the sale. Bob has been an important part of this event for many years.

Thank you,

Frankie Anthony

 He maybe one of the younger bulls, but if you're looking for one that is made super correct with plenty of muscle, you don't need to go any farther. This guy is out of a picture perfect Firewater daughter and is bound to add plenty of quality into his calf crop.

 This bull you won't be able to take your eyes off of. With his moderate frame he has a big top with freakish rib shape and depth of flank. He has BW of 82 lbs and had a weaning ratio of 139! This bull will be able to make your calves better and help your EPD's. He continues to get better and better every day.

Kyle has given us a very special lot. This donor is the mother of the \$36,000 Lot 1 in M6's Ranch Dispersal. The \$30,000 top selling bull at their dispersal, and their full sister who brought \$19,000. Kevin Moore told me that this cow has generated almost \$200,000 in progeny for M6. These embryos are mated with multi trait leader M6 New Standard.
